## **Principal's Message**

#### **Dear Parents and Students,**

On behalf of the entire H R P I P E R fraternity, I am delighted to welcome you to our college. Our commitment is to endow the students with innovative, in-depth and high level learning, develop their moral values and empower them with skills and attributes of an ingenious problem solver and critical thinker. We prepare our students to confidently face the challenges of the highly competitive world and career progression and also nurture them to become responsible human beings who are able to effectively deliver the needs of a developing nation.

The college has a highly qualified, committed and talented teaching faculty who facilitate the students to keep abreast with academic challenges and developments. Our teaching-learning methods encourage inter-disciplinary approaches through innovation projects, conferences, seminars, talks and workshops. Experiential learning techniques are used for an effective implementation of the curriculum.

The college encourages its students to participate special social service camps, yoga, meditation, music, poetry, debating and dance for holistic development of individual personality. The College strongly believes that co-curricular activities complement academics for shaping a well-rounded personality of the students. The College annual day function SMILAX provides a forum to bring out the latent creative abilities and portray their skills and talents along with the exchange of cultural ideas and thoughts. The Annual Sports Week, the Annual Orientation Program and the Annual Alumni Meet are also organised and celebrated with great zest and zeal.

#### H R Patel Institute of Pharmaceutical Education and Research Shirpur, Dist Dhule (M.S) 425 405

The College Placement Cell enhances the social and economic relevance of the courses that the College offers. Over the years, there has been an impressive recruitment of the students in various industrial sectors through the efforts of the Placement Cell.

H R P I P E R ensures friendly, supportive and safe environment through various measures that make the Campus a zero-tolerance-campus for ragging, sexual harassment and smoking.

I once again welcome you to the H R P I P E R family. I hope you spend the most amazing and memorable years of your life in our College making bonds that will last a lifetime.

## Dr. S B Bari

#### Seminar on Economic Thoughts of Dr. Babasaheb Ambedkar

Dr. B. R. Ambedkar is undisputedly one of the greatest economists of all time. But unfortunately, his economic thoughts have not been read, followed or propagated. Today in the epoch of Privatization, Globalization and Liberalization, it has become important to understand the economic thoughts of Dr. B. R. Ambedkar, who is considered the father of 'State Socialism'. He was of the opinion that the State should control all the resources of the nation, such as land, agriculture and industries through constitutional methods and work towards the overall development of the citizens. He robustly believed that the State can be instrumental in developing the common man's life, if all the resources mentioned above are in its hands.

H R P I P E R have organised half day seminar on Economic Thoughts of Dr. Babasaheb Ambedkar on 05<sup>th</sup> August 2016 in seminar hall with participation of 120 students. President of the seminar was Dr. S B Bari sir with the guest speakers Dr. G Sonawane and Dr. M B Bachute of R C Patel Arts, Commerce and Science College, Shirpur.

#### **One Day Workshop on Career Development Skills**

Workshop on Career Development Skills is the need of the hour for our student community. Employability skills are the non-technical skills, knowledge and understanding that are necessary to gain employment and participate effectively in the workplace. The objective of this workshop is to enhance the personality of the students thereby increasing their employability quotient. The programme has been structured to inspire and motivate students to take challenges in today's business environment to craft a highly successful career and lead a satisfying social life. Aptitude and Group Discussion sessions equips students with a greater sense of self-awareness and enhanced relationship skills. This is a highly participative programme with emphasis on aptitude and group learning. In today's highly competitive market, going through interviewing process successfully is considered as an ongoing challenge. The Interview skills training programme provides students with the skills and techniques essential for undergoing a successful selection process.

To make students employable H R P I P E R have organised one day workshop on, "Career Development Skills" on 11<sup>th</sup> August 2016 at Library Hall. Workshop was presided by Dr. S B Bari and was conducted by Dr. L R Zawar and Mr. S P Patil.

## **Self Defense Workshop for Girls**

#### Date: 25<sup>th</sup> January 2017 – 02<sup>nd</sup> February 2017

Lack of safety is one of the biggest problems of Indian women today. Selfdefence for women is important, if not essential. India is the fourth most unsafe country for women, according to a 2011 poll by TrustLaw. When it comes to women's safety, we rank just above Somalia. Delhi is the most unsafe city for Indian women, even during the day. A typical Indian girl is raised chaperoned and over-protected. Rarely does she learn how to protect herself or react in a situation where she is attacked. "*If a woman is interested in regaining control of her life then it's really important to break the mechanism of over-protection. Learning self-defence is the only way to do this*".

Self-defence workshop for the girl students of the institute was conducted in the institute with the help of grant of Rs. 10,000 received from Student Welfare Department, NMU, Jalgaon. In the workshop 51 girl student of the institute participated and acquired the skills and techniques of self-defence through Karate. For the same black belt karate instructor Mr. Jaysing R. Padvi gave practical training to the students.

## **Personality Development Workshop for Girls**

Personality Development quintessentially means enhancing and grooming one's outer and inner self to bring about a positive change to your life. Each individual has a distinct persona that can be developed, polished and refined. This process includes boosting one's confidence, improving communication and language speaking abilities, widening ones scope of knowledge, developing certain hobbies or skills, learning fine etiquettes and manners, adding style and grace to the way one looks, talks and walks and overall imbibing oneself with positivity, liveliness and peace.

Personality development enables people to create a good impression about themselves on others; it helps them to build and develop relationships, helps in career growth and also helps to improve financial needs. After all, personality development is nothing but a tool that helps you realize your capabilities and your strengths making you a stronger, a happier and a cheerful person.
