### Adherence to Academic Calendar

The Kavayitri Bahinabai Chaudhari North Maharashtra University (KBCNMU) provides an almanac or academic calendar of events for each semester at the start of the academic year. This calendar includes critical dates and timelines that guide the conduct of academic activities across its affiliated colleges. The almanac typically specifies the semester-wise schedule for examinations, along with the start and end dates for instructions. Additionally, it outlines the dates for KBCNMU-end examinations, as well as the scheduled vacations for colleges.

At HRPIPER (HR Patel Institute of Pharmaceutical Education and Research), we strictly align with the KBCNMU calendar and incorporate the prescribed timelines into our own academic planning. However, as KBCNMU is responsible for managing a wide range of courses across its numerous affiliated colleges, minor overlaps or adjustments might occasionally arise. To ensure the smooth functioning of academic activities and to address the specific needs of our institute, we also prepare an institute-specific academic calendar. This calendar is designed to adhere closely to the KBCNMU-prescribed schedule while accommodating local needs, institutional priorities, and any logistical requirements.

The following list provides the key dates for the previous three years as well as the current academic year. These dates reflect:

- Semester-wise start dates for classes and the conduct of examinations.
- Start and end dates for the instructional period.
- Dates for KBCNMU-end examinations.
- Vacation periods for the college.

This dual calendar approach ensures that HRPIPER maintains academic coherence and quality, while adhering to the KBCNMU-prescribed guidelines. It allows us to mitigate potential scheduling conflicts and provides clarity to students, faculty, and administrative staff, thus fostering an environment of effective academic management.

### Key Dates and Academic Schedule

- Sessional Examinations:
- First Sessional Exam (2nd, 4th, 6th, and 8th Sem B. Pharm; 2nd Sem M. Pharm):
- Dates: 18/03/2024 to 23/03/2024

The events planned for the first term from 01/01/2024 to 21/05/2024 are strategically aligned with the academic calendar to ensure a balance between academic activities and co-curricular engagements. The One-Day Seminar on Competitive Exam Preparations on 17/01/2024 and the Guest Lectures on 3-D Printing in Biotechnology and Abroad Education Opportunities with Fellowships in Russia & Hungary on 19/01/2024 were conducted early in the semester to maximize student participation without interfering with sessional exams. Key events such as guest lectures, workshops, and seminars were strategically scheduled to enrich students' learning while ensuring adherence to the prescribed timeline. The integration of activities avoids any overlap with examination periods, maintaining a balanced approach to academics and co-curricular engagement
