Objective/Topic	Interpersonal communication motivation is one of the key factors that play a significant role in why people communicate and what they accomplish in their life.	
In charge/Convener	Mr. D. M. Patil & Ms. A. Y. Pathan	
Brief Report on the Outcome of activity	A person who has greatly contributed to interpersonal communication motivation theories is Abraham Maslow. His hierarchy of needs explicitly explains why people are motivated to do certain things. It went as far, as to create strict needs that people are driven by in a lifetime. The theory of reasons for communication by Maslow states that people are genetically predisposed to act in a specific and concrete way that is centered on satisfying physiological and psychological needs. One of the most important contributions of Abraham Maslow is the hierarchy of needs.

Brief Report on the Outcome of Activity	<p>Competitive examinations are pivotal assessments that determine entry into various educational institutes or career paths. They require rigorous preparation and a strategic approach. The outcomes of competitive examinations have shown a mixed trend over the past year. While success rates have varied across exams, it is evident that those who adopt comprehensive preparation methods tend to perform better. The following points highlight the general outcomes:</p> <p>Success Rates: Competitive examinations continue to be challenging, with success rates hovering between 10% to 20% on average. This underscores the need for focused preparation.</p> <p>Performance Variation: Results have shown significant performance variation across different subjects and sections within examinations. Candidates often excel in areas of their strengths but struggle in others.</p> <p>Preparation Impact: Candidates who engage in structured preparation methods have exhibited higher success rates compared to those relying solely on traditional study practices.</p> <p>Effective preparation is a key determinant of success in competitive examinations. Here are some recommended methods based on recent trends and successful candidates' experiences:</p> <p>Understanding the Syllabus: Thoroughly grasping the syllabus is</p>

Name of activity	“Advancing Women in Leadership: Overcoming Gender Barriers in Corporate Settings”		
Organizers	H. R. Patel Institute of Pharmaceutical Education & Research, Shirpur		
Venue	Online Mode via Google Meet & YouTube Date:04/05/2024		No. of Participating students
Name of speaker	Mrs. Deepa Agrawal		100
Objective/Topic	The objective is to equip women with the necessary skills, confidence, and support networks to navigate and overcome gender barriers, including leadership training, negotiation skills workshops, and fostering a supportive peer community.		
In charge/Convener	Mr. D. M. Patil, Mr. M. S. Shaikh & Ms. A. Y. Pathan		
Brief Report on the Outcome of activity	<p>Gender diversity in corporate leadership remains a persistent challenge despite increased awareness and efforts towards inclusion. This report aims to explore the obstacles faced by women in advancing to leadership positions within corporate settings and proposes strategies for overcoming these barriers. Analysis reveals several barriers hindering women's progress in corporate leadership roles, including implicit bias, lack of mentorship opportunities, unequal access to resources, and entrenched workplace cultures that perpetuate gender stereotypes. Research indicates that gender-diverse leadership teams lead to better decision-making, increased innovation, and enhanced financial performance. However, the underrepresentation of women in senior roles limits the realization of these benefits.</p> <p>Implementing Diversity and Inclusion Initiatives: Companies with robust diversity and inclusion programs demonstrate higher employee engagement and retention rates. Establishing Mentorship and Sponsorship Programs: Providing</p>

women with access to mentors and sponsors who can offer guidance, advocacy, and opportunities for advancement is critical.

Promoting Flexible Work Arrangements: Flexible work policies enable better work-life balance for women, facilitating career progression without sacrificing family responsibilities.

Advancing women in leadership requires a multifaceted approach that addresses structural barriers, promotes cultural change, and empowers women with the skills and support needed to succeed. By implementing inclusive practices, fostering collaboration, and advocating for gender equality, organizations can create environments where all individuals have equal opportunities to thrive and contribute to corporate success.

Name of Activity	Presentation Skill Activity
Organizer	H. R. Patel Institute of pharmaceutical Education and Research Shirpur.
Venue	Second Year Class Room
Date of activity	19 December 2023
Objectives	Enable students to clearly and confidently convey information to peers, professors, and healthcare professionals. Familiarize students with modern presentation tools (PowerPoint, Prize, multimedia) and techniques. Enhance digital literacy for future professional environments. Help students prepare for viva voce, thesis defences, seminars, conferences, and other professional evaluations.
In charge	Mrs. Kalyani S. Rajput
Number of Participant	55
Photograph Of activity	
Outcome	Students become better at explaining complex pharmaceutical concepts clearly and confidently. Speaking in front of peers and instructors helps reduce stage fright and improves self-assurance. Students learn to organize their thoughts logically and present information coherently. The activity enhances research skills, as students typically need to gather and synthesize information for their presentations. Preparing and delivering a timed presentation helps students improve planning and time allocation, crucial for professional practice.

Wet Granulation

- More complicated, but is more commonly used. It is necessary for tablets in which the **active ingredient** and **excipients** can have different particle sizes.
- It also helps tablets with very spherical particles to bind together, by making them more lumpy in shape.

Continuous manufacturing

(a) Continuous Manufacturing (end-to-end)

Within 1 facility Periods: Days

(b) Batch Manufacturing

Outcome

To provide a platform for students to share experiences and lessons learned and to promote good practices in adaptation
