Note: Pl not to include a teacher employed only for a part of a year not to be considered part time / visiting faculty not taking at least 90% of the normal or statutory number of hours of work. -Librarian, physical education director not to include"

Response:

In accordance with the requirements, we have prepared the list of full-time teachers who have been affiliated with our institution during the assessment period for each year. This information has been duly authenticated by our principal and is presented on the official letterhead of our Higher Education Institution (HEI).

Before I provide the list, I want to clarify that we have excluded individuals who do not meet the criteria stipulated in your communication. Specifically, we have not included teachers who were employed for only part of a year, as well as part-time or visiting faculty members who did not engage in at least 90% of the normal or statutory hours of work. Additionally, we have excluded the positions of Librarian and the Physical Education Director from this list, as per your instructions.

I would like bring to your attention a matter of importance regarding the eligibility of certain faculty members for the academic year 2022-23.

As you may be aware, we had an unusual situation arise during the admission and academic calendar for the academic year 2022-23 in the state of Maharashtra. The admissions for the first year of B Pharmacy and M. Pharmacy programs were completed on 27/12/2022, with the cut-off date for admissions set at 10/01/2023. Classes for the first year officially commenced on 10/01/2023 for both B Pharmacy and M Pharmacy Program. To ensure the successful

commencement of the academic year and to meet the educational requirements, we appointed one faculty member exclusively for M. Pharmacy program.

As the first semester of the academic year concluded on 25/04/2023, and the second semester was completed on 09/09/2023 (Proofs of the same provided in the file), it is crucial to note that the faculty member who appointed on 1/1/2023 continued to serve till date at present institute, effectively covering the entire academic year for the first-year of M Pharmacy program. In fact one faculty member appointed on 1/1/2023 still are serving in the organization. This faculty member has been integral to the academic progress of our students and has fulfilled their responsibilities diligently.

We kindly request your consideration of faculty member appointed on 1/1/2023 as full-time faculty member for the academic year 2022-23 because he worked for complete academic year. Their commitment and contributions have been consistent throughout the academic year, and they remain active members of our teaching staff.

List of full-time teachers, categorized by their respective departmental affiliations, for the assessment period each year and their appointment order for the assessment period each year provided below.
