Wet Granulation

More complicated, but is more commonly used. It is necessary for tablets in which the active ingredient and excipients can have different particle sizes.

It also helps tablets with very spherical particles to bind together, by making them more lumpy in shape.

Date of Activity	25/07/2023		
Brief Report on the Outcome of activity	A person who has greatly contributed to interpersonal communication motivation theories is Abraham Maslow. His hierarchy of needs explicitly explains why people are motivated to do certain things. It went as far, as to create strict needs that people are driven by in a lifetime. The theory of reasons for communication by Maslow states that people are genetically predisposed to act in a specific and concrete way that is centered on satisfying physiological and psychological needs. One of the most important contributions of Abraham Maslow is the hierarchy of needs.

Name of speaker	Dr. N. H. Aloorkar Principal at Gaurishankar Education Society's, satara college of pharmacy		54
Objective/Topic	Interpersonal communication motivation is one of the key factors that play a significant role in why people communicate and what they accomplish in their life.		
In charge/Convener	Mr. D. M. Patil & Ms. A. Y. Pathan		
Brief Report on the Outcome of activity	A person who has greatly contributed to interpersonal communication motivation theories is Abraham Maslow. His hierarchy of needs explicitly explains why people are motivated to do certain things. It went as far, as to create strict needs that people are driven by in a lifetime. The theory of reasons for communication by Maslow states that people are genetically predisposed to act in a specific and concrete way that is centered on satisfying physiological and psychological needs. One of the most important contributions of Abraham Maslow is the hierarchy of needs.
