Feedback on physical facilities (Assessment is based on feedback collection, analysis, and corrective action taken in respect of library, computing facilities, canteen, sports etc.)

For the metrics of facilities (Library, computer, canteen, sports, and general infrastructure), 1-to-25-points questionnaire was used. Along with them, space was provided for expressing the opinion. All the students of B. Pharmacy were considered for the evaluation. The scale is 4 as excellent, 3 as good, 2 as average and 1 as poor. The 25 points were averaged and converted into percentage. The metric values were given in the graph below.

Table 1: The percentage score of the physical facilities

Provide suggestions to improve the existing facilities in the college campus:

There should be availability of microscopes in Pharmacognosy lab and other campus students should not be allowed like BSc students in our campus because of their disturbance. GPAT lectures should be conducted for the benefit of students.
