FIELD VISIT (INDUSTRIAL TOUR)

Industrial visits play a pivotal role in bridging the gap between theoretical knowledge and practical application within the curriculum. These excursions offer students a unique opportunity to witness firsthand the inner workings of renowned companies in their respective industries, such as the pharmaceutical sector in this case. By immersing themselves in real-world industrial environments, students gain valuable insights into the practical aspects of their field of study, enabling them to connect classroom teachings with tangible experiences. This hands-on exposure not only enhances their understanding of complex concepts but also cultivates a deeper appreciation for the intricacies involved in the production, processes, and operations of these enterprises. Industrial visits thus serve as a crucial catalyst for fostering a well-rounded education that equips students with the skills, knowledge, and perspective necessary to thrive in their future careers.

INDUSTRIAL VISIT – 2022 – 23

Industrial Visit Report

Company: Modern Laboratories, Indore dated 18/11/2022

Organiser College: SES's H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur, Dhule (Maharashtra) 425405

Travel Assistance: MSRTC Bus, Shirpur, Dist. Dhule

Class: T. Y. B. Pharm & S. Y. B. Pharm, **Total number of Students:** 52 (Boys: 30 & Girls: 22)

Total numbers of Teachers: 04 (Dr. R. E. Mutha, Dr. V. K. Chatap, Ms. R. T. Dhole, Mr. D. M. Patil)

Introduction:

The goal of industrial visit to Modern Laboratories, Indore was to experience the organization and culture of pharmaceutical industry. SES's H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur, Dhule (Maharashtra) offer a great source "To gain practical knowledge". Students can observe and learn as to how theoretical concepts are put to in to action, thereby aiding their practical learning. Students are exposed to real working environment and shown how things are done in an organisation.

Industrial visit is a part of professional (B. Pharmacy) courses, during which pharmacy students visit pharmaceutical manufacturing companies and get insight of on the internal working environment of the company. Industry visits sensitize students to the practical challenges that organizations face in the business world. Industrial visits also give greater clarity about various management concepts for students as they can practically see how these concepts are put into action. Visits to manufacturing firms are useful for students to understand the process and realities of the shop floor (Production department), this in itself is a rare exposure. By visiting the shop floor, they get to understand the risky conditions in which workers work, the people management challenges involved in managing workers apart from getting hands-on technical knowledge. The industrial visit also provides an insight on how companies work and also useful information related to the practical aspects of the course which cannot be visualized in lectures.

Site Visit Outline:

We had visited Modern Laboratories, Indore from 12 noon to 3 pm on 18th Nov 2022, Day-Friday and spent the day following the activities of T. Y. and S. Y. B. Pharm students 2022-23.

Points of Note:

During students visit, they learned how to make tablet, capsule, injectable dosage forms and its packaging to finished dosage forms and with their testing methods for getting a quality product. QA person, with whom students interact, expressed a genuine procedure for getting a quality product. Along with this, quality control testing with their specifications given by in-house testing

Good
PRINCIPAL
H.R. Patel Institute of Pharmaceutical
Education & Research
Shirpur Dist. Dhule (M.S) 425 405

procedures was also discussed with the students. After that, students had been demonstrated for various activities under various department.

Benefits of Industrial's Visit:

1. The industrial visit provides an insight on how companies work and useful information related to the practical aspects of the course which cannot be visualized in lectures. With an aim to go beyond academics, these visits are arranged to develop the insights of the students – attaining practical knowledge and their theoretical applications thereof.
2. In addition, the students also benefit in the following ways:
 - They get an opportunity to gain in-depth knowledge about the field of their interest, helping them make the correct career choice in future.
 - Interfacing with the industry gives them a chance to build networks and to improve their business communication skills.
 - The industry visit enables the students to apply their classroom learning to a real-life situation while being mentored by a variety of industry experts.

Summary:

- While not every industry offers them, industrial visits are welcomed by all of them. To enter any industry for the purpose of receiving education, there is a procedure for obtaining entrance or authorization. We frequently observe students who fervently desire practical knowledge but fall short of achieving it due to inadequate instruction. Students always desperately wait for a chance to get interacted with core industries. Modern Laboratories and H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur, Dhule. (Maharashtra) provides students the opportunity to interact with industries, which is in fact a very good exposure to students in their career as a Pharmacist in Pharmaceutical industry.

Conclusion:

- The visit's objectives were met, as students gained an understanding of the knowledge and skills needed to work as a pharmacist in the pharmaceutical industry as well as the various factors that must be satisfied for pharmaceutical dosage forms to serve their intended purpose of disease diagnosis, treatment, and prevention. Additionally, through this industrial tour, we attempted to bridge the gap between academics and industry.

Subject: Regarding permission for industrial visit...

Respected Sir/Mam,

With reference to the above mentioned subject, our students have to visit the pharmaceutical industry, which is the part of their curriculum. We hereby request you to kindly allow them to visit the industry. We assure that our students will abide by the rules and regulations of the industry during the time of the visit.

We hope for your kind co-operation and permission to visit the industry for 24 students and two staff members. This will be our goodness to strengthen industry-institution interaction.

Thanking you in anticipation.

INDUSTRIAL VISIT – 2019 - 20

Industrial Visit Report

Company: Maxheal Pharmaceutical (India) Ltd, Plot No-95/6, Satpur MIDC, Nashik 422007 (Maharashtra), dated 27/09/2019

Organiser College: SES's H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur, Dhule (Maharashtra) 425405

Travel Assistance: Navkar Travels, Shirpur, Dist. Dhule

Class: Final Year B. Pharmacy, Total number of Students: 54 (Boys: 32 & Girls: 22)

Total numbers of Teachers: 04 (Dr. P. O. Patil, Mr. R. E. Mutha, Ms. P. H. Patil, Mr. S. S. Shinde)

Introduction:

The goal of the B. Pharmacy (Final Year) Industry visit to Maxheal Pharmaceutical (India) Ltd at Satpur MIDC, Nashik was to experience the organization and culture of a SES's H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur, Dhule (Maharashtra) to offer a great source "To gain practical knowledge". Students can observe and learn as to how theoretical concepts are put to in to action, thereby aiding their practical learning. Students are exposed to real working environment and shown how things are done in an organisation.

Industrial visit is a part of professional (B. Pharmacy) courses, during which Pharmacy students visit Pharmaceutical manufacturing (Oral Dosage forms) companies and get insight of on the internal working environment of the company. Industry visits sensitize students to the practical challenges that organizations face in the business world. Industrial visits also give greater clarity about various management concepts for students as they can practically see how these concepts are put into action. Visits to manufacturing firms are useful for students to understand the process and realities of the shop floor (Production department), this in itself is a rare exposure. By visiting the shop floor, they get to understand the risky conditions in which workers work, the people management challenges involved in managing workers apart from getting hands-on technical knowledge. The industrial visit also provides an insight on how companies work and also useful information related to the practical aspects of the course which cannot be visualized in lectures.

Site Visit Outline:

We had visited Maxheal Pharmaceutical (India) Ltd from 1 pm to 4 pm on 2019 September 27th, Day-Friday and spent the day following the activities of a Final Year B. Pharmacy class 2019-2020. Students observed as their teacher led the students through Gowning process of Maxheal Pharmaceutical (India) Ltd for entry and exit procedure. During the visit, students attended an oral presentation of Maxheal Pharmaceutical (India) Ltd by Mr. Hitesh M. Dhadiwal (Administrative Manager), Mrs. Rukmini Prasad (Assistant Manager, Administration

PRINCIPAL
H.R. Patel Institute of Pharmaceutical
Education & Research
Shirpur Dist. Dhule (M.S) 425 405

department). Students spent afternoon hours by interacting with expertise officer of Production, QA and QC department (Mrs. Joshi) on their experiences working at Maxheal, in order to get a sense of the unique challenges and process of their Standard operating procedure to carry out regular operations and activities and Batch Manufacturing process for Capsule Dosage Forms.

Points of Note:

During students visit, they learned how to make capsule dosage forms and its packaging to finished dosage forms and with their testing methods for getting a quality product. QA person, with whom students interact, expressed a genuine procedure for getting a quality product. Along with this, quality control testing with their specifications given by in-house testing procedures was also discussed with the students. After that students had been demonstrated for various activities under various department like

Warehouse department-

- Raw material receiving area
- Empty hard gelatin capsule store I & II
- Packing material receiving area

Production department-

- Blend Quarantine, I & II
- Washing Area
- Cleaned Equipment Storage
- Day Store
- Blending I & II
- Capsule filling machine Pam AF 90T
- IPQC
- Ancillary room
- Dry Syrup Filling

Packing Department-

- Blister Packing, I & II
- Primary packing material storage

QC Department-

- Instrument room
- Chemical storage room
- Chemical section

Microbiology Department-

- Microbial section air lock I
- Media destruction section
- Control sample room

PRINCIPAL
H.R. Patel Institute of Pharmaceutical
Education & Research
Shirpur Dist. Dhule (M.S) 425 405

QA department-

- QA documentation cell
- B.S.R record room (Current and old)

Benefits of Industrial's Visit:

1. The industrial visit provides an insight on how companies work and also useful information related to the practical aspects of the course which cannot be visualized in lectures. With an aim to go beyond academics, these visits are arranged to develop the insights of the students – attaining practical knowledge and their theoretical applications thereof.
2. In addition, the students also benefit in the following ways:
 - They get an opportunity to gain in-depth knowledge about the field of their interest, helping them make the correct career choice in future.
 - Interfacing with the industry gives them a chance to build networks and to improve their business communication skills.
 - The industry visit enables the students to apply their classroom learning to a real-life situation while being mentored by a variety of industry experts.

Summary:

- Industrial visits are accepted by every industry and not offered to everyone. There is a procedural of getting access or permissions, which is required to get into any industry for a visit education. We often see that students desperately want to have practical knowledge but failing in gaining so because of improper guidance. Students always desperately wait for a chance to get interacted with core industries. Maxheal Pharmaceutical (India) Ltd and H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur, Dhule. (Maharashtra) provides students the opportunity to interact with industries, which is in fact a very good exposure to students in their career as a Pharmacist in Pharmaceutical industry.

Conclusion:

- The goal of the visit met the expectations of students to understand the knowledge and skill requirement to work as a Pharmacist in pharmaceutical industry and the various aspects to fulfil the requirements of pharmaceutical dosage forms as a medicine intended purpose to diagnosis, treatment and prevention of disease. Along with this, we tried to fill the gap between academia and industry by this industrial visit.
