AVISHKAR

Participation in the Avishkar Research Competition marks a significant milestone in the academic journey of students, as this annual event unfolds at three distinct levels: District, University, and State. Rooted in the ethos of fostering innovation and sustainable development, the competition encapsulates the essence of translating groundbreaking ideas into tangible solutions. With its resounding motto, "From Invention to Sustainable Development," Avishkar serves as a beacon of inspiration, guiding students towards channeling their creativity and intellect to address real-world challenges. This esteemed competition is a dynamic platform that not only recognizes brilliance but also nurtures it. By promoting innovative and socially impactful research, Avishkar propels students to embark on a transformative path of exploration and discovery. Beyond the confines of textbooks and lectures, participants are encouraged to immerse themselves in cutting-edge research that holds the potential to reshape industries, societies, and the world at large.

Each participant represents a culmination of relentless effort, perseverance, and intellectual prowess. The rigorous selection process ensures that those who take center stage are equipped with the vision and acumen to embark on a research journey that can redefine the boundaries of what is possible. The significance of Avishkar extends far beyond a mere competition; it encapsulates a broader narrative of innovation-driven progress. In an era where disruptive advancements shape the trajectory of industries, the importance of fostering a culture of innovation cannot be overstated. Avishkar stands as a powerful testament to the academic institution's commitment to nurturing thought leaders, problem solvers, and change-makers.

AVISHKAR 2022-23 Report

District Level AVISHKAR 2022-23

Event Overview:

The District Level Avishkar event, held on October 18, 2022, at Late S. D. Patil Science College, Dondaicha, was a resounding success. The event showcased the innovation and research prowess of our students across various disciplines. A total of 79 applications were received, and 145 participants presented their research posters. Among these, 13 exceptional posters were shortlisted to represent our institution at the University Level Avishkar competition.

Participation and Shortlisting:

The event saw participation from a wide range of disciplines, including Medicine and Pharmacy, Commerce, Management and Law, Agriculture and Animal Husbandry, Engineering and Technology, and Pure Science. The diversity of subjects demonstrated the holistic academic environment at our institution.

Here is the list of participants whose posters were shortlisted for the University Level Avishkar:

ANVENTION 2023 REPORT

Sopan Nangare participated in the ANVENTION National Student Research Convention held at Ganpat University in Ahmedabad on March 16-17, 2023. Their research project, titled "**Fabrication of Surface Decorated Graphene Oxide Nanocomposite for Label-Free Prognosis of Alzheimer's Disease,**" garnered significant attention and recognition during the convention.

The project aimed to address a critical issue in healthcare - the early diagnosis and prognosis of Alzheimer's Disease. Sopan Nangare's innovative approach involved the fabrication of a nanocomposite material using surface-decorated graphene oxide. This nanocomposite had the unique capability of providing label-free prognosis of Alzheimer's Disease, potentially revolutionizing the way this condition is diagnosed.

The research presentation showcased the meticulous efforts put into designing and synthesizing the nanocomposite, highlighting its potential applications in the medical field. Sopan Nangare's work not only demonstrated a deep understanding of nanomaterials and their biomedical applications but also underscored their dedication to contributing to the betterment of society.

The ANVENTION National Student Research Convention recognized the significance of Sopan Nangare's contribution by awarding them the Third Prize. This accolade is a testament to the quality and impact of the research conducted. The prize amount of ₹25,000/- further underscores the value that Sopan's work brings to the scientific community and the potential benefits it holds for patients and healthcare professionals working with Alzheimer's disease.
