TEACHING- LEARNING AND EVALUATION

Key Indicator: 2.3	Teaching- Learning Process
Metric No : 2.3.1	Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing.

WEBINAR AND SEMINARS

The significance of organizing webinars and seminars by the institute cannot be overstated. These events provide an invaluable platform for students to engage with esteemed resource persons, including experts from both academia and the pharmaceutical industry. By bridging the gap between theoretical knowledge and practical application, these sessions enrich the curriculum by offering insights into real-world scenarios and industrial practices. Through these interactions, students not only gain a deeper understanding of their field but also cultivate a well-rounded perspective that equips them with the skills and knowledge needed to excel in their careers. The institute's commitment to hosting such informative and interactive sessions underscores its dedication to holistic education and the empowerment of future pharmaceutical professionals.

Name of Activity	Interpersonal Communication Motives and Human Behavior
Organizer	HRPIPER
Venue	HRPIPER, Shirpur
Name of Speaker	Mr. Salil Pendse
Date of activity	28 Feb 2023
Objectives	Interpersonal communication motivation is one of the key factors that play a significant role in why people communicate and what they accomplish in their life.
In charge	Mr. D. M. Patil & Dr. R. S. Tade
Number of Participant	81
Brief Report on activity	A person who has greatly contributed to interpersonal communication motivation theories is Abraham Maslow. His hierarchy of needs explicitly explains why people are motivated to do certain things. It went as far, as to create strict needs that people are driven by in a lifetime. The theory of reasons for communication by Maslow states that people are genetically predisposed to act in a specific and concrete way that is centered on satisfying physiological and psychological needs. One of the most important contributions of Abraham Maslow is the hierarchy of needs.
Photograph Of activity	
Outcome	The student will be able to Understand the Human behavior and attitude are directed by internal processes and more specifically, person's will to change something in their proximity. Interpersonal communication motivation is one of the key factors that play a significant role in why people communicate and what they accomplish in their life

Name of Activity	Writing a research paper
Organizer	HRPIPER
Venue	HRPIPER, Shirpur
Name of Speaker	Dr. B. L. Chaudhari
Date of activity	21 February 2023
Objectives	The general objective of your study states what you expect to achieve in general terms. Specific objectives break down the general objective into smaller, logically connected parts that systematically address the various aspects of the problem. Your specific objectives should specify exactly what you will do in each phase of your study, how, where, when and for what purpose.
In charge	Dr. L. R. Zawar, Mr. D. M. Patil & Dr. R. S. Tade
Number of Participant	110
Brief Report on activity	As with any assignment task, you must first analyse what is expected of you. This involves careful reading of the assignment task as outlined in your course information book. You may find the following questions useful when analysing the task: What is the purpose of the report? (It could be analysing, persuading or reporting on an investigation.)
Photograph Of activity	
Outcome	The student will be able to write more effective and more readable reports of empirical research studies. It will be helpful to people who are generally good writers but have little or no experience at writing this type of research report.

Name of Activity	"Significance of pharmacy career insights"
Organizer	HRPIPER
Venue	Online
Date of activity	09 th July 2021
Objectives	Drug specialists are in a close network with the patients as well as healthcare professionals.
In charge	Mr. D. M. Patil
Number of Participant	138
Brief Report on activity	Pursuing a career in Pharmacy, a pharmacist can work in these types of industries where they are usually not in direct contact with the general public. They work in the processing, manufacturing, trials, storage, delivery, establish regulations of safety and control quality of drugs and medicines. A pharmacist can even work in the research and development department of the industry and work towards sales and marketing of the pharmaceutical products.
Photograph Of activity	
Outcome	A career in Pharmacy can make a professional work for Hospital Pharmacies. Almost all the hospitals in the country, government and private, have established own hospital pharmacies within the hospital premises, wherein the doctors and nurses can directly interact on the matters related to healthcare like medicines, surgery and other patient-care products.

Name of Activity	Carrer Katta
Organizer	HRPIPER
Venue	S.M. Patel Hall, HRPIPER, Shirpur
Date of activity	17 Nov 2021
Objectives	To crack competitive examinations
In charge	Mr. D. M. Patil & Mr. R. S. Tade
Number of Participant	98
Brief Report on activity	<p>An Initiative of Department of Higher and Technical Education, Government of Maharashtra and Maharashtra Information Technology Support Centre Changing times compel us to change our methodologies and strategies. Education field is no exception to it and is witnessing huge turmoil since last few years, more so after COVID. Futility of reliance only on classroom teaching is clearly visible and noted even at the Government Level.</p> <p>Government of Maharashtra, recognising the need to equip the students for changing times has come up with an initiative of "Career Katta – करियर कट्टा"</p>
Photograph Of activity	
Outcome	To provide a platform for students to share experiences and lessons learned and to promote good practices in adaptation

Name of Activity	Preparation Strategies for GPAT
Organizer	HRPIPER
Venue	HRPIPER, Shirpur
Name of Speaker	Dr. Mohammad Rizwan N Shaikh
Date of activity	04 July 2020
Objectives	To crack competitive examinations
In charge	Mr. Z.G. Khan
Number of Participant	56
Brief Report on activity	As part of the GPAT preparation, candidates should set themselves a schedule. This will enable them to complete the syllabus two months before the exam. In this way, aspirants have a chance to revise the topics for the GPAT in a sufficient amount of time. Furthermore, candidates must adhere strictly to the timetable throughout GPAT preparation.
Photograph Of activity	
Outcome	A student preparing for GPAT should be familiar with the syllabus as part of their preparation. Aspirants can smoothly prepare for the GPAT exam once they know what to prepare for.

Name of Activity	General Organic & Medicinal Chemistry Aspects
Organizer	H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur
Venue	HRPIPER Seminar Hall, Shirpur
Name of Speaker	Dr. Rakesh R. Somani
Date of activity	29/07/2019
Objectives	Organic chemistry and Medicinal chemistry play an important role in our daily life. Comprehending the right information on these aspects may open uncluttered ideas in several fields such as synthetic chemistry, R&D, etc.
In charge	Dr. G. B. Patil
Number of Participants	108
Brief Report on activity	Organic chemistry plays an important part in our daily life because food, clothes, paper, ink, rubber, soap, perfumes, medicines, etc. are indispensable to us for proper living. Organic compounds are important constituents of many products e.g., paint, food, plastic, explosives, medicine, petrochemical, pesticides, etc. Medicinal chemistry provides pharmacy students with a thorough understanding of drug mechanisms of action, structure-activity relationships (SAR), acid-base and physicochemical properties, and absorption, distribution, metabolism, excretion, and toxicity (ADMET) profiles.
Photograph Of activity	
Outcome	At the end of this lesson, the students are aware of the value of medicinal and organic chemistry in numerous fields of study as well as the pharmaceutical sector.

H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur

Name of Activity	GPAT Preparation
Organizer	H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur
Venue	HRPIPER Seminar Hall, Shirpur
Name of Speaker	Mr. Ziaul Haque
Date of activity	10/08/2019
Objectives	It is essential to know that to get into various M. Pharma or equivalent programs across the country, GPAT is one of the most prestigious exams.
In charge	Dr. Zamir G. Khan
Number of Participants	114
Brief Report on activity	As part of the GPAT preparation, candidates should set themselves a schedule. This will enable them to complete the syllabus two months before the exam. In this way, aspirants have a chance to revise the topics for the GPAT in a sufficient amount of time. Furthermore, candidates must adhere strictly to the timetable throughout GPAT preparation.
Photograph Of activity	
Outcome	A student preparing for GPAT should be familiar with the syllabus as part of their preparation. Aspirants can smoothly prepare for the GPAT exam once they know what to prepare for.

Organizer	H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur
Venue	HRPIPER Seminar Hall, Shirpur
Name of Speaker	Mr. Pradip Roundal
Date of activity	04/09/2019
Objectives	To excel in the Government's prestigious exam other than the institution's exam
In charge	Dr. G. B. Patil
Number of Participants	108
Brief Report on activity	A competitive exam helps select students for the various job strata. Selected candidates from these exams are trained for jobs in their respective fields. They are conducted at various levels. These exams are also conducted at undergraduate and postgraduate levels. JEE Mains, JEE Advanced, NEET, and CLAT are some competitive exams that students appear for after the completion of their 12th class exams to take admissions in undergraduate courses. Civil Services Exams, NDA Exams, NEET-PG, etc are some exams students can appear for after their graduation.
Outcome	The purpose of competitive exams is not only to judge talent but also to test management and planning skills. The whole concept of any competitive exam is based on strategic thinking and smart work

Date of activity	09/09/2019
Objectives	To feign a career after graduating from the degree program to launch an improving business
In charge	Dr. G. B. Patil
Number of Participants	128
Brief Report on activity	The pharmaceutical industry is one of the most lucrative in the world. No matter if they have a background in medicine or something else entirely, the main challenge that the majority of people confront is knowing where to begin. Here, we'll compile a list of firms you can launch in the medicines industry. There are more options than only marketing or manufacturing firms in the pharmaceutical industry.
Outcome	There are several business opportunities available to individuals. These demands frequently generate years of significant financial gain for pharmacies. One of the most promising and lucrative pharmaceutical services to think about is providing specialty pharmacy services.

Organizer	H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur
Venue	HRPIPER Seminar Hall, Shirpur
Name of Speaker	Ms. Sakshi Pahuja
Date of activity	25/09/2019
Objectives	Including value-added courses, career awareness, and exploration assist students get a thorough understanding of the range of career options by giving them opportunities to interact with business, academia, and numerous experts.
In charge	Dr. G. B. Patil
Number of Participants	138
Brief Report on activity	Value-added programs are essential for students in the contemporary environment due to the shifting demands of industries since they not only prepare them for employment but also their long-term growth and development. Value-added programs serve as a link that closes the knowledge gap between formal education and market demands. Through academic flexibility, a value-added program is provided to support students' overall growth. The students should have access to these kinds of programs all year round.
Outcome	The knowledge gap between formal education and market demands is bridged through value-added programs. A value-added program is offered through academic flexibility to help students' overall development.

Organizer	H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur
Venue	HRPIPER Seminar Hall, Shirpur
Name of Speaker	Mr. Vikram Jadhav
Date of activity	12/10/2019
Objectives	The purpose of Pharmaceutical Analysis is to identify substances, purify them, separate them, quantify them, determine the molecular structures of chemical compounds that make up pharmaceuticals, and determine how these compounds are combined to make up a pharmaceutical product.
In charge	Dr. G. B. Patil
Number of Participants	119
Brief Report on activity	The primary objectives of development of analytical methods are for identification, purification and eventually to qualification any necessary drug etc. The development of analytical methods helps in understanding the critical process parameters and to reduce their effects on precision and accuracy.
Outcome	Analytical chemistry underpins pharmaceutical drug development by providing assurance of the quality, safety and efficacy of new medicines. This course is an overview of the areas in which analytical chemistry plays a vital role in developing a new drug.

Organizer	H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur
Venue	HRPIPER Seminar Hall, Shirpur
Name of Speaker	Dr. Gaurav V. Harlaka
Date of activity	20/08/2019
Objectives	Study of human genetics can answer questions about human nature, can help understand diseases and the development of effective treatment and help us to understand the genetics of human life.
In charge	Dr. G. B. Patil
Number of Participants	135
Brief Report on activity	Genetics is the scientific study of genes and heredity—of how certain qualities or traits are passed from parents to offspring as a result of changes in DNA sequence . A gene is a segment of DNA that contains instructions for building one or more molecules that help the body work. This webinar helps us student to know the exact and actual gene related occurring disease.
Outcome	Mapping the entire human genome at the level of nucleotide sequences. To store the information collected from the project in databases. To develop tools and techniques for analysis of the data.
