EXAMINATION DEPARTMENT

All staff members are hereby notified that the following rules and regulations were established during the first exam committee meeting of the academic year 2021-22, which was held on September 17, 2021.. So, all are requested to strictly adhere to these rules and regulations during internal exam invigilation and any examination related work.

Rules and regulations for Staff Members:

1. The use of a mobile phone during invigilation is strictly prohibited, and invigilators are advised to leave their phones in their respective departments at their own risk.
2. Filling out faculty diary during invigilation is also not permitted; therefore, do not bring your faculty diaries with you during invigilation in the exam room. All are also instructed not to perform any other work during invigilation..
3. During the meeting, it was also decided that in order to adjust invigilation duties on time, the invigilator should fill out the invigilation slip (obtained from the examination department), get the signature of the Principal sir, and submit it to the exam incharge. In the absence of Principal Sir, repeat the process and obtain the signature of the exam incharge (Dr. L. R. Zawar & Dr. P. S. Bafna). The shifting of invigilation duties will be approved once the invigilator has completed the above-mentioned process.
4. The invigilator is also instructed to remain in the examination hall 10 minutes before the scheduled time and to report to the examination department (second floor near the computer lab) 15 minutes before the scheduled time to collect the question paper and answersheets. After the exam, return the completed answersheets to the examination hall.

5. All staff members are also reminded to avoid rough work and overwriting when filling out the internal exam marks in the register, and if an error occurs, a cross signature is required. However, keep in mind that this practise must be adopted by everyone because the muster will be checked by concerned authorities time to time.
6. According to the instructions received from Principal Sir, an internal exam register should be kept at the exam department, and all staff will be required to fill out the marks of the concerned subject in the exam department only within the time frame specified by the exam incharge, without any delay.
7. It was decided at the meeting that both teachers who teach the same subject to two different divisions should prepare two different questions for the sessional exam (one by division A subject teacher and one by division B subject teacher) and submit both to the exam incharge, and then one of the two question papers would be chosen at random by Principal Sir/HOD/Exam incharge. Along with this, both teachers from both divisions should agree on a syllabus, and the same syllabus will be used for sessional exams..
8. Finally, Principal Sir instructed that all examination-related work and duties be completed without delay by all staff until the deadline..
