Alumni Interaction Lectures Series

The alumni association cell aims to have interactions between the student community and the alumni. A series of alumni talks will be held monthly which allows the students to engage with industry specialists and get first-hand information about the corporate world.

Objectives of Alumni Association Cell

- ❖ We hope to promote a long-term sense of connection to the alumni by maintaining regular communication with alumni.
- ❖ To provide a forum for alumni to exchange ideas and share their professional experiences with college students.

Significance of patents in Pharmaceu industry

Cat & Mouse / Chess game between brand & Generic companies

Brand companies file patents / try every trick in the book to stop generics

Generics avoid or challenge brand company patents & in turn file their own patents to stop other generics

What cannot be patented?

- Computer programmes
- Medical and surgical treatments
- Mathematical methods
- Business methods
- Discoveries
- Aesthetic creations
- New species of plant or animal
- Inventions which are contrary to moral standards and public order (e.g. instruments of torture)
- The human body and any non-separate part thereof
